mayureshchaubal57@gmail.com | <https://linkedin.com/in/mayuresh-chaubal>

SUMMARY

Aspiring Information Security professional with hands-on experience in security assessments, vulnerability management, and risk analysis, with a strong focus on **implementing ISO/IEC 27001 concepts**, including ISMS design, risk assessment, control selection, and compliance-driven security practices.

PROFESSIONAL EXPERIENCE

Information Security Officer, Austrange Solutions

Nov 2025 – Present

Internship | Mumbai, Maharashtra | Hybrid

- Conducted OWASP Top 10–based web security assessments to identify application vulnerabilities.
- Assisted with risk analysis and remediation recommendations for security findings.
- Developing an ISO/IEC 27001 aligned ISMS framework to support compliance readiness.
- Built a custom Python vulnerability scanner to automate web security checks.

Information Security Consultant, Quasar CyberTech

March 2025 – June 2025

Internship | Nashik, Maharashtra | Remote

- Conducted manual web application security assessments aligned with OWASP WSTG.
- Developed custom CLI tools to automate Clickjacking detection, Google Dorking, and HTTP security header misconfigurations scanning.
- Used custom scripts and tailored Nessus profiles to improve testing depth and accuracy.
